Ma'am:

Warm greetings and goodwill!

The undersigned are fourth-year Bachelor of Science in Information Technology students currently conducting our capstone study entitled **"NEXIAM: A Role-Based College Admission Testing System for the Guidance and Registrar Offices at ISPSC Tagudin Campus."**

In pursuit of rigorous academic standards, we respectfully request your professional expertise in reviewing and evaluating our manuscript and evaluation instruments. Your scholarly evaluation will be invaluable in verifying the grammatical precision, stylistic consistency, clarity, and overall research quality of the work in accordance with institutional guidelines.

Your expert critique, recommendations, and formal endorsement will substantially enhance the academic integrity and presentation of this study. Your favorable consideration of this request will be deeply appreciated. Thank you very much for your time, support, and guidance.

Respectfully yours,

PART I: EVALUATOR PROFILE AND INFORMED CONSENT

Participant Informed Consent:

This evaluation seeks to measure your operational experience and user acceptance of the newly developed NEXIAM platform. Your participation involves completing a hands-on simulated workflow scenario followed by this evaluation questionnaire. In strict compliance with Republic Act No. 10173 (Data Privacy Act of 2012), all responses will be kept confidential, analyzed only in aggregate form, and used solely for academic research. Participation is voluntary.

PART II: EVALUATION INSTRUCTIONS AND RATING BENCHMARK

Rate only the functions or result sheets you used during the assigned tasks. Check one response per statement. Answer only the questionnaire for your assigned role.

5: Strongly Agree 4: Agree 3: Neutral

2: Disagree 1: Strongly Disagree

Neutral means neither agreement nor disagreement. If a function was not available, not permitted, or not tested, tell the facilitator and leave its item unanswered. If you tried a function but could not complete the task, you may rate it based on that experience. Do not use Neutral to report an untested function. Task problems and help received are recorded separately.

Continue to the questionnaire on the next page. Feedback follows the questionnaire.
